

Principal Speaks

"Perhaps the greatest of all pedagogical fallacies is the notion that a person learns only the particular thing he is studying at the time. Collateral learning in the way of formation of enduring attitudes, of likes and dislikes, may be and often is much more important than the spelling lesson or lesson in geography or history that is learned. For these attitudes are fundamentally what count in the future."..... Were the thoughts expressed by John Dewey on Education in a blog on the internet. At the Sarosh Institute of Hotel Administration we provide our students lots of opportunities for the very important collateral learning.

The academic year 2007-08 has come to an end and we bring you the second issue of our "SIHA Diary" in which we have brought to you a brief look at the various events and activities of the college.

The second term from January 2008 to May 2008 has been an eventful one both in terms of academics and other activities. Mr. Sravan Kumar of III Year BHM has been nominated by the Registrar, Mangalore University to the Mangalore University Academic Council as student representative of professional courses for 2 years with effect from 20-12-2007. The campus recruitment was a run - away success.... Many of the final year students have netted more than two jobs, many a recruiter had to be denied as the students had received placements.

We wish our Class of 2008 - (an enterprising lot, who made us better teachers and learners) - all the very best in their lives.

Happy reading and reminiscing!!!.....

The food served was researched, tested in the Lab and then priced. This year instead of just handling a food stall, the final year students did a makeover of the Training Restaurant into a theme Restaurant and served table d'hote meals. The function was organized and managed under the stewardship of Mr. Rayan Banze and Mr. M. Zulfikar as staff co-ordinator.
